Subject: Rolling Knolls FS Comments/ES
Attachments: Draft RKL FS ES Cover Letter.docx

Hi Stephanie,

Attached is a draft of the cover letter directing Geosyntec to revise the FS. Please let me know what you think.

Also I have taken a stab at finalizing the ES, but there are a couple of comments that I needed some input on, which I will go over tomorrow. Below is a link to the most up to date ES:

https://usepa-my.sharepoint.com/:w:/r/personal/kaur_supinderjit_epa_gov/Documents/RKL%20FS%20December%202019/EXECUTIVE%20SUMMARY_May%202020.docx?d=w234fde0ea5ba414ea2975902d16ac9c5&csf=1&web=1&e=ayNkTT

Along with the cover letter and the ES for the Rolling Knolls FS, I also wanted to quickly touch base on a couple of items. I'm including them so I don't forget them tomorrow.

- How large is the RKL site (200 acres vs 170 acres)
- DOI/FWS notice letter
- Updates on RKL schedule
- Matlack (ORC and PRP search)

Thank you!!

Supinder
